

**FYDA** **FREIGHTLINER**

Where "The Customer is First"

**FREIGHTLINER**

**SERVICE • QUALITY • TRUST • INNOVATION • ATTITUDE • RESPECT • PRIDE • GROWTH • PROFIT • COMMITMENT**

## From Tim Fyda, President – Our Unifying Principles

Thank you for considering Fyda Freightliner. We believe our individual interests are best served when we work together to serve our Customers and our Co-workers.

**SERVICE** to our customers is all we have to sell, and we will always work to increase its value.

**QUALITY** work for our Customers makes our reputation, therefore, we will always work to improve it.

**TRUST** among employees, to be fair and honest with each other, will result in equal trust from our Customers.

**INNOVATION** is a key to the Dealership's future and we will constantly develop new services for our Customers and new ways to work more efficiently.

**ATTITUDES** must be positive in our thoughts, words, and actions toward our Customers and Co-workers.

**RESPECT** for the time, possessions, feelings, and individual rights of our Customers and Co-workers helps us work together.

**PRIDE** in our work, appearance, speech, and workplace helps us to do a better job.

**GROWTH** in services to our Customers and new skills will give us fresh energy.

**PROFIT** is the lifeblood of the Dealership. It provides security, income and capital for growth.

**COMMITMENT** from everyone at Fyda Freightliner to these principles will gain us continued success and future security.

There is one value the American worker seeks throughout his or her career – that is the discipline and the drive to become better.

I would consider it an honor if you would allow us the opportunity to apply our talents in supporting your business needs.
