## QUALITY | VERSATILITY | VALUE

**Maximum Uptime:** Ex-Guard protection keeps your trucks on the road and out of the shop. No more waiting for replacement parts!

**Built tough, but light!** Constructed of high-strength steel, strongest pound-for-pound protection available.

**Aerodynamic design** prevents fuel economy loss as proven in a study by Mesilla Valley Transportation Solutions. See the full results at [ex-guard.com](http://ex-guard.com).

**Secure, rattle-free latches** of the highest quality allow quick and easy access, making pre-trip inspections a breeze.
